Memorandum for Mr. Ord:

I am sending you the glossies of Susan B. Anthony and Tom Paine, as well as the negatives. Both negatives are from the clay. However, the glossies of Paine were made from the bronze but I have not yet had a negative made because I just got them recently. It's really the better view of the bust, so I would advise you to get Winters, in Duplicating, to have a negative made right away from one of those glossies, and have a dozen or more prints made. I will pay for the negative of Paine because I need that for my records.

There is a photograph from the bronze of Susan B. Anthony too, but that's in the hands of the printer right now. When I get it back, I'll send it down to Winters to have a negative made for us.

Please return both of my negatives to me.

Cordially,

Bertha L. Lyons (Mrs. N.)

Mr. John Ord
